

Dear Secretary / President
ARICARE , Kolkata

It gives me an immense pleasure to think that all of Retired ICAR employees and their family members under the umbrella of ARICARE are keeping good health and high mental spirit in this period of disconnection among us. Now this is the time that our news letter for the period from January to July , 2020 is to be prepared and all the members are hereby requested to contribute articles of scientific importance / Health related issues etc through mail to prepare the document for the News Letter . Dr K .K. Satapathy , President and Dr B. K. Bandopadhyay , Secretary are humbly requested to write their precious views to be incorporated in the ensuing News Letter. Mr Sumit Ranjan Sarkar , Treasurer and Mr B. K. Saha are requested to supply the information regarding the meetings etc during the said period along with photographs. There is a special request to all the Hon'ble members of Editorial Committee that kindly spare some of your valuable period to write articles of importance for this News Letter. The delay in making an approach to all of you , is due to the fact that my net connection was down after the cyclone Amphan .

Stay safe , Healthy and Cheerful in the difficult period
Regrads

Sincerely yours

Dr Mrinmoy Datta
